We have the most satisfactory Shoes right in hand now for this season.

Most men find a high shoe more comfortable even in the hot weather; it's a cleaner shoe; it keeps the dust out and the mosquitoes off, and seems more popular generally.

Of course, Low Quarters if you want them.

The Richmond team goes away to-day for two weeks, and in order that the cranks of this city might enjoy themlives to the fullest, two games were played at Broad-Street Park vesterday.

in the first contest being due to an accum- | ball. Score: ulation on their part of a number of exceptionally-rank errors.

The second was better played, and as a natural result of good work, the locals won. The attendance at the two games was very large, and in the second contest excitement ran high, and the entirusiasm of the rooters was intense.

The first game was "juggled" away by Richmond. Pfanmiller tossed for the Champions, and throughout the contest behind him, however, made errors galore, and though their work was enough to dishearten the best twirler in the bustness, the doughty little fellow from the seaside kept on steadly, while the Al-lentown lads kept on making runs.

Time and time again were they given bases, and then runs, as the direct result of rank work on the part of the locals. There was no effort on the part of the Champions to throw the game to Alien-town; it was just one of those off games when the whole team went to pieces and

must have won easily and by long odds, but their rank fielding offset Allentown's poor stick-work, and thereby continued the interest. The score follows, and shows

#### The Second Game.

The second game was highly interest-ing, in that it was well played and clean-ly contested throughout. Donovan twirl-ed for Richmond, and was safely hit six times. West manipulated the sphere for times. West manipulated the sphere of Aflentown, and the big fellow was very effective, only permitting four hits from his delivery. The Champions, however, made the best of their opportunities, and make the best of their opportunities, and

visitors were unable to make their hits count for very much. Umpire Betts was hit in the forehead by a thrown ball in the fourth inning and painfully injured-so painfully, indeed, that he was forced to retir's from the game—and Manager Wells handled the indicator for him thereafter. The score, which follows, shows how the play progressed:

# READING PLAYS IN HARD LUCK.

Murphy Had His Finger Split and Garvin Loses the Game.

WILKESBARRE, PA., June 3 .- (Spe cial.)-Reading played in the hardest kind of luck to-day. Murphy, who did the kind of luck to-day. Murphy, who did the pitching, was invincible up to the ninth inning, the Barons being able to score enly one run, and that was made on Drauby's error. In the ninth Murphy, in attempting to stop a hard-hit ball, split a finger, and was compelled to retire. Garvin, who was substituted, was hit hard, Wilkesbarre scoring five runs and winning the game. ## ACADEMY TO BE REMODELLED.

Contracts Let and Work on Improvements Soon to Begin.

The stockholders of the Southern Thea-tre Company met yesterday and formally agreed to remodel the Academy of Music

agreed to remodel the Academy of Music, which is their property. It was determined some time ago that the building should be remodelled this summer, and the contract was given to E. C. Horn, of New York, who has had much experience in theatre building.

The plans for the remodelled structure were drawn by Messrs. J. B. McElfatrick & Son, the theatrical architects, of New York, and the work will be begun in about ten days. It is estimated that ninety easys will be consumed in the work, and the building is, therefore, expected to be ready by the middle of September.

days will be consumed in the work, and the building is, therefore, expected to be ready by the middle of September.

The whole interior will be torn out and rebuilt, and the seating capacity will be somewhat increased. The stage will not be enlarged, but more room will be given upon it by the removal of the dressing-rooms to the basement. The horseshoe will be taken out and the rear of the auditorium raised several inches, to make the stage more readily discernable from the rear of the house. The number of boxes will be increased to eight, and both the dress circle and the gallery will run all the way around the house.

The entrance will be changed and made more attractive, while the exits will be increased, and a Indies' cloak-room will be established near by. It is proposed to make the Academy modern in every aspect and to enhance, as far as practicable, the comfort of the patrons. The cost of remodelling is estimated to be about \$18,000, though it may reach \$20,000.

The Southern Theatre Company is composed of Messrs, J. G. Walker, president; the Life-insurance Company of Virginia, George W. Anderson, S. T. Beveridge, F. D. Beveridge, E. R. Archer, and Greanor Neale. R. H. O. A. E.

The Richmond Grays' Véteran Associa-tion will meet to-morrow night at 8 o'clock at Captain Spence's office. No. 714 east Main street, to make final arrange-ments for the celebration of their anni-versary, June 12th.
